**Departmental Committee:** This committee consists of all tenured faculty and all NTT faculty of senior rank and above in the department, except the chair of the department and any members of the department serving in a position that will review the candidate’s promotion application at the college or university levels. (See college NTT manual, Appendix B, for definition of senior rank).

Departments may operate through a system of subcommittees that initially review and evaluate each candidate’s credentials. All final recommendations must be made by the committee of the whole. The letter from the departmental committee of the whole must be signed by the committee chair and all committee members who agree with the recommendation. Committee members who do not sign this recommendation must provide a separate letter (minority report) indicating their recommendation and supporting rationale. **Members of the committee must not be identified to the candidate; therefore, the signatures must appear on a separate page so that they can be removed when the candidate is provided with their copy of the committee's report(s).** The committee of the whole must meet to discuss and vote on its final recommendation. Faculty of equal or lower rank to the candidate’s current rank may not vote on the final recommendation of the committee of the whole.
In consultation with the department chair, the dean will augment the departmental promotion review committee with NTT members from other departments when the home department does not have a sufficient number of faculty to constitute a committee of at least three members, with at least one being tenured and one being NTT faculty.

**December 11, 2017**  
The departmental committee will use the departmental NTT promotion guidelines and college manual to provide a written report to the chair, which includes an assessment of the candidate's effectiveness in teaching (if applicable) and service and a recommendation for or against promotion, along with any minority reports.

**December 13, 2017**  
The chair provides a copy of the departmental committee's report, including any minority reports, to the candidate. The members of the departmental committee must not be identified to the candidate, therefore signature pages must be removed before the chair provides a copy to the candidate. The candidate has three working days to provide a written response, if desired.

by close of business**  
Candidate's response to the departmental committee’s report, if any, is due to the chair.
